AIR POUCH — UNCLASSIFIED (Classification) — AUG 27 14 55 '65

SENT TO: USIS SANTO DOMINGO

REFERENCE: Latin American Edition of the Monthly Review, M660-64, November 6, 1964

The post may be interested in the following excerpt from the "Independent Socialist Magazine," the Monthly Review, of July-August 1965, edited by Leo Huberman and Paul Sweezy: } Editor } Dom. Rep.

"We have just received a letter from Paris signed by Dr. Rafael Alburquerque and Dr. Rafael E. Castín on behalf of the Dominican students resident in Paris saying they would be very grateful if MONTHLY REVIEW would bring the Dominican case to the attention of the protest movements against the war in Vietnam. } France

Since receiving this communication from Paris, we received a visit from Marcelo Bermudez, representing the Dominican June 14th Movement, who gave us a report on latest conditions in the interior of the Republic. He will be available for speaking engagements. Contact him at Casa Borraquin, 106 East 14th Street, New York, N. Y. 10003.

"The only reason we haven't run anything on the Dominican crisis is that the May, June, and July-August issues were all completely planned when the revolution broke out there. We plan to rectify this in the September issue."

The publication of a Spanish edition of the Monthly Review was initiated in Argentina in the autumn of 1963. USIS is requested to inform the Agency whether that edition is being sold or otherwise circulated in the Dominican Republic.
